LATEST NEWS

Looking back at our Transnational Partner Meeting in Lisbon

Our latest Transnational Partner Meeting (TPM) took place in Lisbon in April 2025, hosted by our partner Inspiring Girls Portugal.

This meeting provided an excellent opportunity to reinforce collaboration across all project work packages. It allowed us to align on key priorities and define the next steps for:

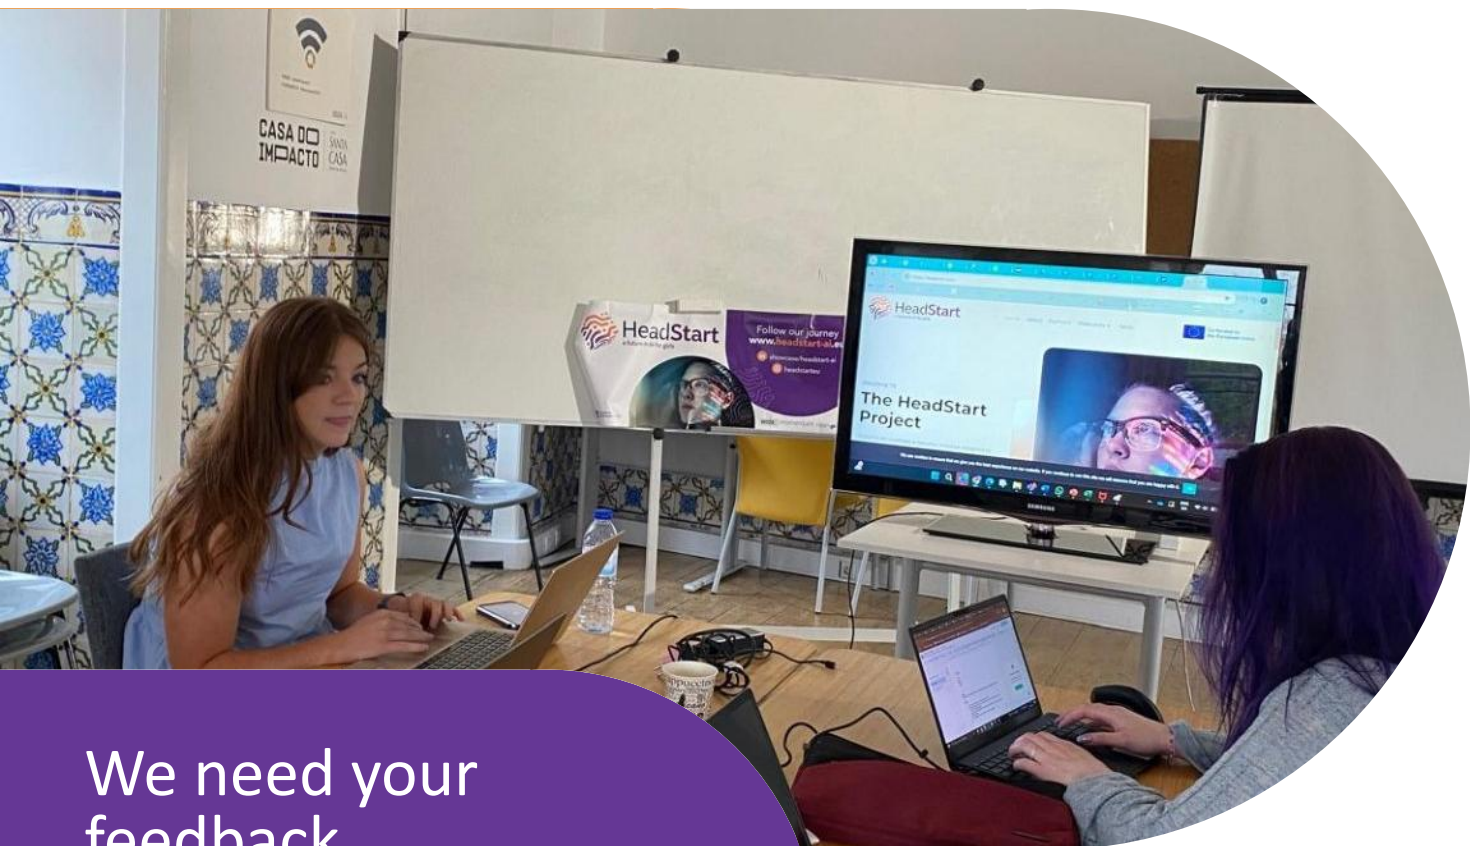

- testing and improving the AI toolbox (WP3)
- fine-tuning the upcoming mentoring phase with the creation of a guide for youth workers and a mentor directory (WP4)
- advancing the dissemination and sustainability strategies (WP5)

A big thank you to our hosts for the warm welcome and to all partners for their insightful contributions and strong spirit of collaboration!

We also would like to send a heartfelt thank you to WeCheffes – Catering Lisboa for the inspiring presentation and preparation of our meal!

We need your feedback...

Help us make
HeadStart tools better!

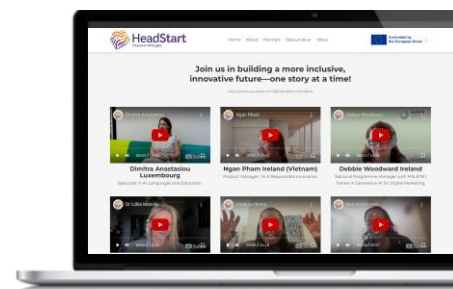

We're currently gathering feedback from trainers, educators, and learners to help us improve the content produced in our inspiring project resources!

Visual resource showcase

We're gathering final feedback on the Visual Resource Showcase, a collection of 13 video interviews with inspiring women in AI from across Europe. These personal stories highlight diverse backgrounds, career paths, and motivations, designed to spark curiosity and empower girls and young women to explore the world of AI.

AI Toolbox

Our AI Toolbox for young women is now live and ready for testing! It includes five interactive training modules designed to introduce key AI concepts practically and inclusively, alongside a detailed Facilitator Guide to support educators and youth workers in delivering the content to youth.

What is Next?

Starting in September, we are launching **the Mentoring and Networking** Phase, which aims to connect girls and young women with inspiring role models and professionals in the AI and digital fields. A **directory of mentors** is currently being compiled, and online and face-to-face mentoring sessions will begin in September in each partner country!

We will be offering youth educators a structured guide to equip them to organise and facilitate sessions, laying the groundwork for sustained and meaningful engagement from both mentors and mentees.

Are you a female mentor or know an inspiring woman who would like to support the next generation?
